Or I can point to this card.

I need a break

I can say: Can I take a break, please?

Or I can point to this card.

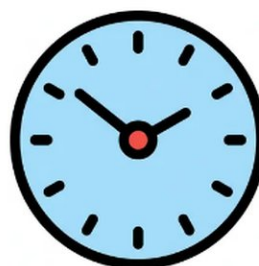

I don't understand

I can say: Can you explain it another way?

Or I can point to this card.

I need more time

I can say: Can I have more time?

Or I can point to this card.

Educator notes: agree on how the student gives a card to you (put it on the desk, hold it up, slide it over). Say yes to a card every time, so the student learns that asking works.
