girl

teacher

boy

POINT OR TAP

At the Park: Point to Answer

5. What is the girl in pink playing on?

swing

slide

bike

Point to Answer: how to use it

Read the question aloud. The student answers by pointing to or tapping a picture. Model first: point to the answer on the board while you say it.

Cut the boards apart or keep them on the page. Use them beside the scene so the student does the same questions as the group.
