EVENT TALK BOARDS

Winter Talk Board

Point and say it. Tap a phrase to say it all at once.

I want 	more 	help 	stop 	all done 	yes 
what's that? 	where is? 	I don't like 	something's wrong 	something else 	no 
go 	play 	make 	snow 	snowman 	sled 
hat 	mittens 	coat 	boots 	hot chocolate 	cold 

💬 Things to say

Let's go outside! 	Let's play in the snow! 	Look, it's snowing! 	Let's build a snowman! 	Help me with my zipper 	Can I have hot chocolate? 
Thank you! 	Too cold! 	My hands are cold 	It's slippery! 	I need a break 	I want to go inside

EVENT TALK BOARDS

How to Use This Board

Tap a picture: the phone says it. On paper, point to it and say it. A phrase under Things to say is said all at once.

The top two rows are the same on every SCAFLI place and event board, so help, stop and all done are always in the same spot.

Before the first snow, look at the board together while you get dressed to go out. Tap "hat", "mittens", "coat" and "boots" yourself as each one goes on. No need to ask your child to copy.

Agree on a way to stop or come in before you go: "too cold", "I need a break" or "I want to go inside". When your child taps it, honor it.

Outside, say what you are doing as you do it: "make a snowman", "go on the sled", "snow is cold". Point to the words on the board while you say them.

Keep the board where you can reach it with gloves on: in a clear bag, or on a phone in a pocket.

I'm a ____: point to it, then let your child show or say what they are (point to the costume, a photo, a sign or a word).

Any try counts: a look, a point, a tap, a sound. Neighbors don't need to hear speech; the board can do the talking. Your child's own speech device or app, if they have one, always comes first.

MY TALLY (FOR THE ADULT)

Day	I modeled (tally)	My child tried (tally)	Words tried
